Loan EMI Relief

A

Option A - Monthly EMI Relief

- **Capital Requirement:** Invest 15% of your loan amount as trading capital.
- **Zero-Risk Approach:** Managed with strict risk control.
- **Profit Sharing:** 50/50 split on profits.
- **Monthly EMI Coverage:** Use monthly trading profits to pay your EMI.
- **Full Control:** Funds stay in your trading account, allowing withdrawals anytime as needed

B

Option B - Repay Full Loan within 30 Months

- **Capital Requirement:** Invest 15% of your loan amount as trading capital.
- **Zero-Risk Approach:** Managed with strict risk control.
- **Profit Sharing:** 50/50 split on profits.
- **You must hold your profit share and compounding for up to 30 months.** After this period, your 15% loan capital will equal 100% of the loan amount. At that point, you can settle the full amount in one payment within the 30-month timeframe.
- **Full Control:** Funds stay in your trading account, withdrawals anytime as needed
